WHY US

With nearly 20 years of experience in the fitness and sports industry and more than 7 years of building the EVOLVE brand, our team has completed over 300 projects across Europe.

We work closely with our clients from the start — developing ideas together, creating 2D and 3D layouts, planning complete fitness and sports facilities, supplying equipment, and providing professional installation across Europe.

Over the years, we saw that much of the equipment on the market does not fully meet the real needs of users and facility owners. This inspired us to create and continuously improve our own products — carefully selected, tested and refined for the best combination of quality, performance, durability and price.

Today, EVOLVE delivers complete solutions for gyms and sports facilities, from fitness equipment and flooring to functional zones, basketball and padel courts.

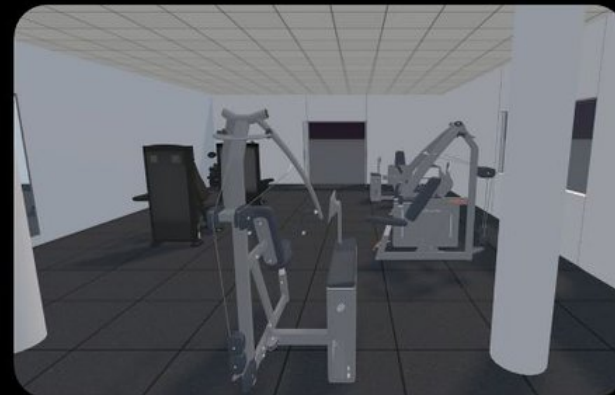

Our goal is to turn every idea into a professional, functional and long-lasting space.

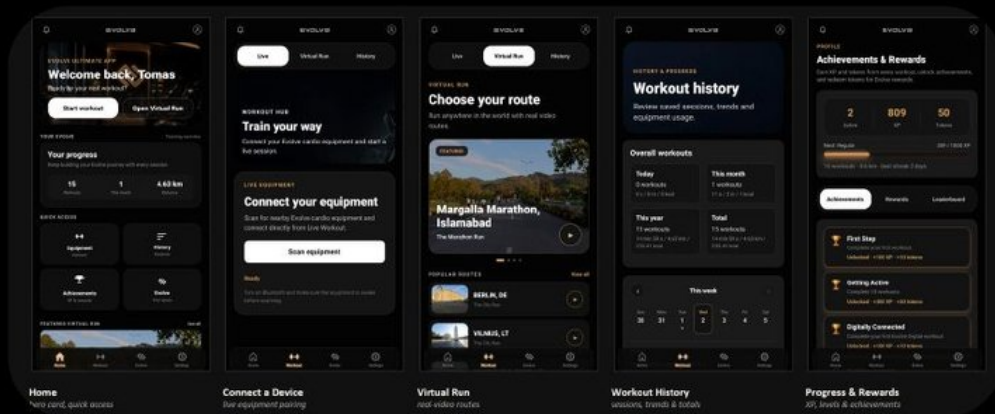

COMING SOON: EVOLVE GYM PLANNER 3D

Plan your gym before you build it.

With EVOLVE GymPlanner 3D, you will be able to create realistic gym layouts, place equipment, optimize training zones, and visualize the entire space before installation.

Designed for fitness clubs, studios, hotels, rehabilitation centers, and professional training facilities, GymPlanner 3D will make planning faster, clearer, and more efficient.

COMING SOON: EVOLVE CARDIO & DIGITAL APP

Train smarter and keep your progress in one place.

Connect with compatible EVOLVE cardio equipment, track your workouts, and save your training data directly in the app. Your workout history stays available, making it easy to follow your progress, review previous sessions, and stay motivated over time.

NEW EVOLVE HEADQUARTERS COMING SOON

EVOLVE is growing — and so is our capacity.

Our current 3,000 m² headquarters is expanding to a new 6,200 m² facility, giving us more space for our team, larger stock levels, faster order fulfilment and continued growth across Europe.

The new headquarters will support our expanding product range and allow us to serve even more fitness and sports projects efficiently.

SCAN ME

ULTRA SERIES

The Ultra Series Cardio collection at Evolve Fitness represents the pinnacle of commercial cardio equipment, offering an unparalleled combination of performance, durability, and cutting-edge technology. This series includes a variety of machines, all designed with advanced features to cater to the most demanding fitness routines. Ideal for high-end fitness centers and discerning users, the Ultra Series promises an exceptional workout experience, balancing luxury with functionality.

ULTRA SERIES UL-215 COMMERCIAL TREADMILL

The Evolve Ultra Series UL-215 Commercial Treadmill offers a premium and technologically advanced exercise platform that is perfect for any commercial gym, hotel fitness suite, or home gym with space for professional-grade equipment. Embrace the future of fitness with the UL-215 and evolve your workout today.

SUPERIOR RUNNING SURFACE

Running Deck, Belt, and Humanized Design

A spacious running area of 60 x 160 cm ensures freedom of movement, while the AC3.0 motor provides a smooth and consistent drive. The 100 mm rollers offer stability and contribute to the longevity of the machine. Experience a superior running platform with a belt thickness of 4.3 mm, which is maintenance-free, and a running board thickness of 25 mm, ensuring both comfort and durability.

REVOLUTIONIZING FITNESS

The Evolve Ultra Series UL-215 Commercial Treadmill redefines the exercise experience by merging cutting-edge fitness programs with an array of entertainment features on its advanced console. Users can enjoy a variety of running programs—including simulated uphill runs, goal-oriented exercises, and interval training—that cater to diverse fitness objectives while experiencing virtual routes and scenic challenges with apps like YouTube, Netflix, Spotify, Zwift, and Kinomap. This integration not only fuels a highly engaging and immersive workout but also ensures users are entertained and motivated as they pursue their fitness goals.

Experience the ultimate cardio workout with the Evolve Ultra Series UL-156 Commercial Recumbent Bike. Its sleek Matte black frame, durable Aluminium seat rail, and advanced EMS system brake offer style and performance. With a 10 kg x 265 mm flywheel, 200 KG max user weight, and convenient features like a water bottle holder, it's designed for every fitness level. The 15.6" TFT console connects to apps like Kinomap and Zwift via Bluetooth and includes built-in apps like Google Chrome and Netflix. With a handle pulse sensor, speakers, and a USB charging port, stay entertained and connected while you work out. Redefine your cardio experience with the UL-156.

EVOLVE SOFT ON ECON, PRIME, ULTRA CARDIO

01

EVOLVE UI

Simple. Intuitive. Made for training. A clean and intuitive user interface designed to make every function easy to access during your workout.

04

EVOLVE VIRTUAL VIDEOS

Explore 70 virtual running routes recorded by EVOLVE, taking you through historic city streets, beautiful beaches, scenic landscapes, and challenging trails around the world — making every workout more immersive and motivating.

02

FITNESS CONNECTIVITY

Connect your training. Depending on the console configuration, EVOLVE Software can support integration with fitness platforms and wireless connectivity.

05

ADVERTISING

Each console is your advertising screen. When machine is not in use and goes to “sleep mode” you can stream any advertising media to promote your products or get additional income selling all your cardio machines as advertising screens. Stand out by customizing home screen banner with your gym logo or slogan.

03

APPS & ENTERTAINMENT

Connect to your favorite entertainment and fitness apps, including YouTube, Netflix, and Spotify, directly from the TFT console.

DIGITAL STRENGTH

Discover the Future of Fitness with Our Digital Strength Selectorized Machines. These state-of-the-art machines revolutionize traditional strength training by integrating digital technology for enhanced performance tracking and personalized workout experiences. The precision and versatility offered by our digital selectorized machines make them ideal for users of all fitness levels, ensuring a challenging yet safe workout. Built with cutting-edge design and durable materials, they provide a seamless and efficient workout experience, making them a valuable addition to any gym or home fitness setup.

Welcome to EVOLVE Digital Strength. Visit www.evolve-fitness.eu to explore our full evolved range.

EVOLVE

TRAINING MODE – STANDARD

Concentric weight = Eccentric weight

This is the traditional mode where the resistance remains consistent throughout the exercise, providing a steady and uniform challenge.

TRAINING MODE – ECCENTRIC

Concentric weight < Eccentric weight

In this mode, the resistance increases during the eccentric (lowering) phase of the exercise, enhancing muscle strengthening and growth by focusing on the lengthening of the muscle. Gives the muscles greater stimulation, and the muscle growth efficiency is higher.

AMBIENT LIGHT

LED color-changing light strips, creating a technological training atmosphere. The light changes into different colors according to the resistance and status of the device.

TRAINING MODE – ISOKINETIC

Speed = Resistance

This mode keeps the speed of the movement constant, regardless of the force applied. It's particularly useful for rehabilitation and ensuring controlled muscle activation

STANDARD

Concentric weight

||

Eccentric weight

Sustained tension,
more intense than
traditional resistance

ECCENTRIC

Concentric weight

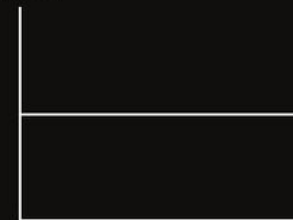

>

Eccentric weight

Give the muscles
greater stimulation,
and the muscle
growth efficiency is
higher

ISOKINETIC

Speed

Resistance

Velocity remains
constant regardless
of resistance

Maintain muscle
tension throughout
the process

ELASTIC

Cord

Resistance

The longer the pull-
out rope, the great-
er the resistance

More effective for
explosive training

TRAINING MODE – ELASTIC

Cord > Resistance

The longer the pull-out rope, the greater the resistance. This mode simulates the experience of elastic resistance, like working with resistance bands, offering a unique challenge and variability to the workout. More effective for explosive training.

THESE BAR SETS CONSIST OF SPECIFIC WEIGHT PLATES, VARIOUS TYPES OF BAR SETS, BAR COLLARS, AND A DEFINED NUMBER OF SETS IN KILOGRAMS.

EVOLVE ECON SERIES BAR SET WITH RUBBER WEIGHT PLATES, EV-BS-EC-R

EVOLVE ECON SERIES OLYMPIC BAR – 220 CM / 20 KG WITH EVOLVE OLYMPIC BAR COLLARS AND EVOLVE RUBBER WEIGHT PLATES SETS WITH: 1,25-10 KG (X2); 1,25-15 KG (X2); 1,25-20 KG (X2); 1,25-25 KG (X2)

EVOLVE ECON SERIES BAR SET WITH TPU URETHANE WEIGHT PLATES, EV-BS-EC-T

EVOLVE ECON SERIES OLYMPIC BAR – 220 CM / 20 KG WITH EVOLVE OLYMPIC BAR COLLARS AND EVOLVE WITH TPU URETHANE WEIGHT PLATES SETS WITH: 1,25-10 KG (X2); 1,25-15 KG (X2); 1,25-20 KG (X2); 1,25-25 KG (X2)

EVOLVE PRIME SERIES BARBELL SETS WITH CPU URETHANE WEIGHTS, EV-BS-PR

EVOLVE PRIME SERIES BARBELL SETS WITH EVOLVE OLYMPIC BAR COLLARS AND WITH CPU URETHANE WEIGHTS SETS WITH: 1,25-10 KG (X2); 1,25-15 KG (X2); 1,25-20 KG (X2); 1,25-25 KG (X2)

EVOLVE CERAKOTE BARBELL SETS WITH BUMPER WEIGHTS, EV-BS-CK

EVOLVE CERAKOTE SERIES BAR SET WITH EVOLVE OLYMPIC BAR COLLARS AND X BUMPER WEIGHT PLATES SETS WITH: 5, 10, 20 KG (X2); 5, 10, 15, 20 KG (X2); 5, 10, 15, 20, 25 KG (X2);

EVOLVE URETHANE STUDIO PUMP SET, EV-GT-UPS

EXPERIENCE EXCEPTIONAL TRAINING WITH THE EVOLVE URETHANE STUDIO PUMP SET - 19,5 KG, A PINNACLE OF DURABILITY AND PERFORMANCE. CRAFTED FROM PREMIUM URETHANE MATERIAL, THIS SET OFFERS UNPARALLELED LONGEVITY, MAKING IT THE ULTIMATE CHOICE FOR COMMERCIAL GYMS AND HOME.

COMPETITION TRAINING EQUIPMENT (HYROX GEAR)

Evolve Competition Training Equipment is built for intense functional training, endurance workouts, and race-style conditioning. Designed for gyms, studios, and performance spaces, it delivers durable equipment for powerful, high-performance training sessions.

CUSTOM MADE TRAINING EQUIPMENT

Create a unique and professional training zone with Evolve custom-made functional equipment. From functional turf and urethane bumper plates to wall balls, power bags, and many other functional training products, every detail can be adapted to match your gym's identity.

Our custom solutions allow you to choose colors, branding elements, and design details that reflect your fitness club's style. Whether you are building a functional training area, commercial gym, boutique studio, or performance center, Evolve equipment helps create a strong, consistent, and professional look.

01 **FULL CUSTOMISATION**

Our upgraded custom line has enough accessories to allow you to go higher wider and longer. There are no limits to what we can build for you.

02 **ATTACHMENTS**

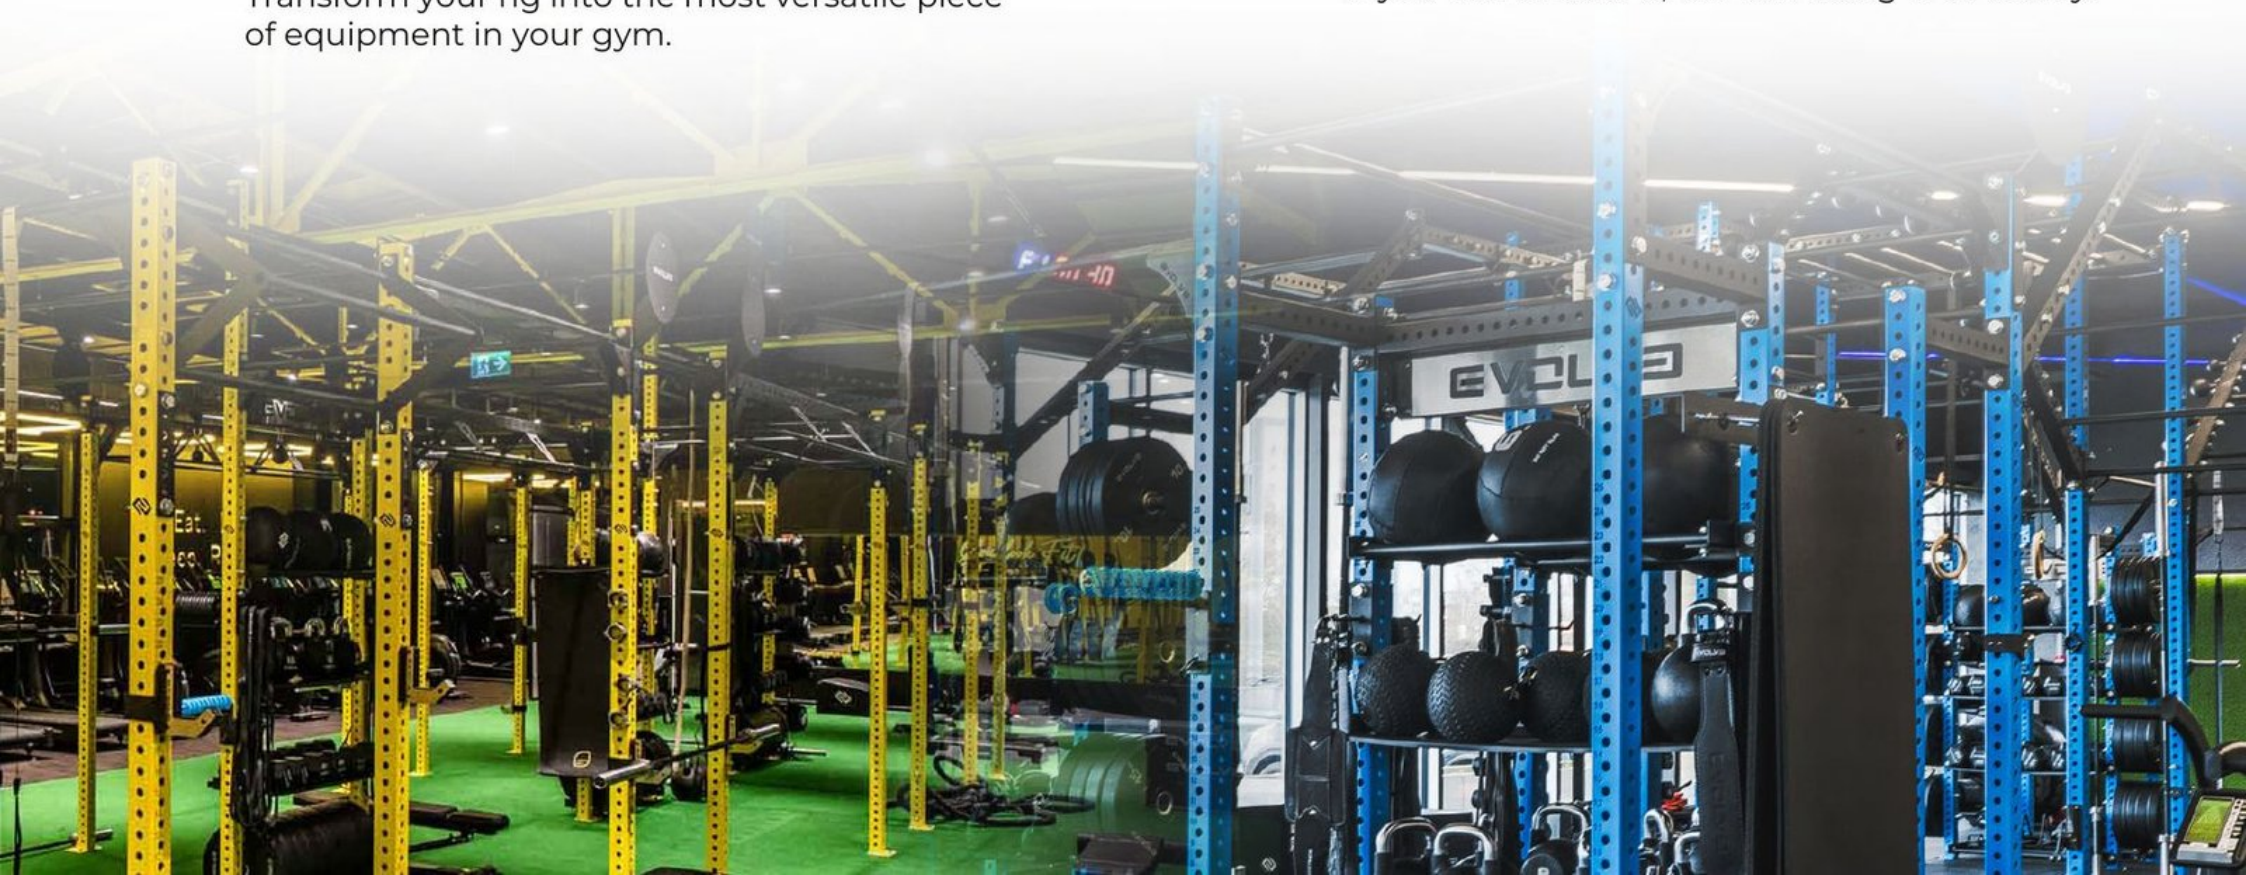

Transform your rig into the most versatile piece of equipment in your gym.

03 **VERSATILITY**

Bring our rig systems to your commercial facility, strength and conditioning gym, sports club or military base.

04 **DREAM RIG SYSTEM**

If you can dream it, we can bring it to reality.
